

TRY THE MONEY-BACK CURE FOR INDIGESTION.

Nine times in ten stomach derangements are responsible for salivary colic, dull eyes and thin body. It is the stomach that supplies nourishment to the muscles, the nerves, the skin. If the stomach is healthy, plenty of nutritious matter will be absorbed by the blood. If it is not healthy, the food will ferment, and undigested, will pass along through the bowels, furnishing the high toxic matter that the blood becomes impoverished, and the glow of health vanishes.

If you suffer from nervousness, sick headache, belching of gas, sour taste in the mouth, heaviness after eating, or any other miserable stomach disturbance, you need M-I-O, and the sooner you get it the quicker you will be healthier and happier.

It will relieve any distressed stomach condition almost immediately. It will cure it used according to directions. All leading druggists sell it for 50 cents a large box, and they think enough of it to guarantee it to cure indigestion.

THE MONEY-BACK CURE FOR INDIGESTION.

CURES CATARRH, ASTHMA, BRONCHITIS, CROUP, COUGHS AND COLDS, OR MONEY BACK. Sold and guaranteed by all leading druggists.

The Jeffell Plant—A Complimentary Dinner—Democratic Clam Bake—Building Sidewalks—Lectures—New Books

The report that the C. O. Jeffell Manufacturing Corporation has purchased in Bridgeport a plot of land which may be utilized for a plant for the concern, has aroused considerable curiosity in town, and the telephone has been kept busy calling up the firm for further particulars. From an interview yesterday with gentlemen at the factory in Bridgeport, it can be stated that as yet no definite plans have been formulated, but that the firm is simply looking out for the future and having some money to invest decided to do so in Bridgeport. It is not at all improbable that sometime the establishment may be moved to the city. There is much expressed dissatisfaction with the high taxes which have to be paid on property in this town, and at the same time residents, or at least some of them, in the South district, feel that there are neglected when it comes to making improvements on the highways, and for other purposes. It is claimed that taxes are not so high in Bridgeport, and the firm should move to the city, could be better accommodated in the matter of getting supplies and in shipping. The loss from a business point of view would be considerable. The town, for a good many Americans are employed as well as Italians.

A complimentary dinner will be tendered to representatives of Fairfield in Hartford, Judge Banks and Commissioner Pease, at Lehmann's Shore House, Seaview avenue, Bridgeport, on the evening of the 22nd inst., at 7:30 p. m. The expectation is that the dinner will be a very pleasant affair, attended by many of the leading citizens of the town.

In the near future, the Democratic Town Committee proposes to get together and enjoy a supper and clam-bake. There will be good speeches and a pleasant social gathering. The boys of the Onondia club are daily taking foot races around the "square" and on Wednesday Mr. Winfield Thomas came in ahead. They are practicing for the race with the St. Thomas Athletic club, which has challenged them for the purpose.

Mrs. George H. Russell was one of the quelling party at the Stratford on Wednesday.

Selectman Fox is improving the condition of the sidewalks in the center of the town, especially those which run past the bank and the hotel. The pedestrians are as much entitled to good roads as men who ride in automobiles, and if the highways can be kept in first class condition and cleaned to keep the dust down, there is no good reason why sidewalks should not be hard and dry. To this end men were employed to push a steam roller on the foot paths leading past the stores and shops from Betts' store to the Post Office and beyond.

There is said to have been a big crowd at the rooms of the Board of Relief on the last day of its session. Some had to wait half a day before their turn came.

As Miss Mary V. Worstell of New York has not as yet delivered her lecture at the Pequot library on the "Footpath of the Pequot," the audience could not have been interested, large nor small. She will lecture on the evening of the 21st inst., at 6 p. m., and the next evening, Mrs. James F. Cronin will lecture at the same place on "Eskimo Life." Two good lectures on successive evenings is something quite unusual for this section of the town.

The Nichols' Terrace school is regarded as the banner school when it comes to being a patron of the traveling library. During the past year, three or four months the scholars of that school have read 535 volumes. The character of some of the books read was as follows: Pictorial, 268; history, 62; literary, mostly poetry, 29; and travel, 27.

There is now on exhibition in the hallway of the Pequot library a series of some 60 large photographs of the colleges in Oxford, England. These are very interesting and beautiful, and well worth looking at by those who wish to form some idea of the beauty and antiquity of this great seat of learning.

Mrs. C. O. Jeffell entertained the King's Daughters yesterday afternoon. The Ladies' Reading club has been discontinued for the present, so it is announced.

The following new books have just been added to the Pequot library: Lincoln and the Sleeping Sentinel, by L. E. Chittenden; Round the Fire Stories, by C. D. Doyle; Adoption of the 14th Amendment, H. E. Flack; Documentary History of Reconstruction, W. L. Fleming; Proceedings of the International Congress of the Council, and the Games They Played, J. D. Lovett; Women of Florence, I. del Lungo; Abraham Lincoln and the Men of War, James A. K. McClure; With the Battle Fleet, F. Matthews; Sword of Dundee, T. Peck; Sir Richard Escombe, M. Pemberton; Psychology of Inspiration, C. L. Raymond; Poems, A. Train; Apollo of the Seaman, H. Trench; Thoughts on Wholesome Living, R. W. Trine; Ocean Life in the Old Salt, Ship Days, J. W. Wilson; The Free Life, W. Wilson; Adventures in the Open Polar Sea, T. W. Knox; Life of Abraham Lincoln for Boys and Girls, C. W. Moores.

THE THEATRES

POLI'S

There are but few more performances left for this week's clever bill at Poli's but the extreme popularity of the show will continue through the week ending Saturday night. In the top line position appears Joseph Hart's Bathing Girls, in a charming musical scenic and costume fantasy. Chas. Leonard Fletcher, America's premier character impersonator, is one of the most artistic items on the bill. Anne Blanche & Co., in "Freckles"; Ott, Nelson & Steadman, presenting a screaming farce, Tom Bateman, the dancing sailor; The Empire Comedy Hour, and Rose Wentworth the graceful equestrienne are other excellent features.

Ruth Allen and her Six London Johnnies, the newest musical creation of Jesse L. Lasky will be offered at Poli's as the headliner of the next week. This act is promised as one of the most artistic and interesting of the Lasky productions. Miss Allen a clever little comedienne is supported by six young men of talent. Special scenic effects good comedy and a bunch of attractive music makes the act a popular drawing card. The added feature for next week will be the Hawaiian Trio, a novelty direct from Honolulu. This trio are accomplished musicians and their act is said to be among the best musical novelties in vaudeville. A big feature is the Hula Hula dance a native dance of charm and gracefulness executed by a handsome woman of the native type.

Among the other attractive items on next week's bill will be Mattie Lockette, the charming little child impersonator; Mathews & Ashley, presenting their comedy scream, "Held Up"; Ryan & White, "The Dancing Dandies"; Kennard Bros., talented acrobats; The Five Jiving Jordans in bewildering feats of jugglery; and the best in the world of motion pictures on the Electrograph.

SMITH'S.

"Girls," the new Clyde Fitch play, to be presented this evening and tomorrow matinee and evening is not a play for the problem seeker or the long haired symbolist. It is, as Alan Dale, the New York critic says, "A play for the tired business man," but it is so amusing, so witty, that it holds the attention of the audience from first to last. The struggle of existence endured by the three girls, who are vowed haters of men, in their little fourth floor studio, with their father, mother and their continual aches with the man-crazy girl across the air shaft, who sings continually "Love Me and the World is Mine," is amusing and diverting in the highest degree. The company that is to appear here in "Girls" is precisely the same as that which at Daly's Theatre, New York, the firm should move to the city, could be better accommodated in the matter of getting supplies and in shipping. The loss from a business point of view would be considerable. The town, for a good many Americans are employed as well as Italians.

LIFE OF A PIMPLE

Complexions Are Cleared and Pimples Disappear Overnight Without Trouble.

The dispensers of posium, a new skin discovery, ask that notice be given that no one is urged to purchase it without first obtaining an experimental package. Those who have tried it will find that the fifty-cent box, on sale at Jennie Hamilton's Pharmacy and all drug stores, is sufficient to cure the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, tetter, blotches, scaly scalp, hives, barber's and every other form of itch, including itching feet. Being flesh-colored and containing no grease, the presence of posium on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin troubles, sometimes even causing them.

As to the experimental package of posium, it can be had free of charge by mail of the Emergency Laboratories, 32 West Twenty-fifth Street, New York. It alone is sufficient to clear the complexion overnight, and to rid the face of pimples in twenty-four hours.
